AUG 17 1984

Honorable William J. Casey
Director
Central Intelligence Agency
Washington, D.C. 20505

Dear Bill:

The Federal Advisory Council on Occupational Safety and Health (FACOSH) is conducting its Thirty-ninth Annual Federal Safety and Health Conference on October 15-17. The Conference will be held in conjunction with the National Safety Congress in Chicago, Illinois.

This Annual Conference provides a forum for the discussion of safety and health activities in the Federal workplace. New developments and approaches in the area of safety and health which have been presented at past Conferences have proven to be useful in the implementation of effective occupational safety and health programs throughout the Federal Government. A copy of the preliminary program for the Conference is enclosed.

I hope you will encourage your top and mid-level managers, representatives of employee organizations, and other members of your staff who are directly responsible for implementing your Agency's safety and health program to attend.

If you have additional questions regarding the Conference, please have a member of your staff contact Mr. John E. Plummer, Director, Office of Federal Agency Programs, at 523-9329.

Sincerely,

Raymond J. Donovan
